PROFESSIONAL SUMMARY

A highly motivated Software Developer with 4 years of professional experience, specializing in mobile application development, AI/ML model implementation, and web development using frameworks like Django, Flask, Laravel, and CodeIgniter. Skilled in building scalable and high-performance applications, with expertise in Python AI models for recognition, detection, predictions, and analysis.

Successfully developed and deployed multiple AI/ML models to analyze and predict data with actionable insights, and created innovative solutions for e-commerce platforms, integrating payment gateways and location services to boost user engagement. Demonstrated exceptional multitasking and organizational skills by managing high-priority projects in mobile and web development at the age of 19, ensuring seamless integration, robust functionality, and superior user experiences.

CORE SKILLS

TECHNICAL SKILLS

- **Programming Languages**: Java, Python, C/C++, C#, JavaScript, MySQL, SQL
- **Frameworks**: Android Native, Flutter, CodeIgniter, Laravel, ASP.NET
- **Tools & Technologies**: RESTful API Development, Razorpay Integration, API Testing, Linux
- **UI/UX Design**: Mobile and Web Application Design
- **Other Skills**: Python Machine Learning, Network Testing (TCP/IP, OSI Models), Ethical Hacking Tools (Kali Linux)

ADDITIONAL EXPERTISE

- **AI/ML**: Recognition, Detection, Prediction, and Analysis Models using TensorFlow, PyTorch, and Scikit-learn
- **Web Development**: Django, Flask
- **E-commerce Solutions**: Payment Gateway Integration, Location-Based Services

---

WORK EXPERIENCE

FINDINGNEARBY – Multiple Roles

Onsite | Dec 2023 – Present

Android (Java Application) Developer
- Designed and developed high-quality Android applications with a strong focus on UI/UX design, RESTful API integration, and efficient data management.
- Utilized modern development practices, including MVVM architecture, to optimize app performance and scalability.
- Mentored junior developers and collaborated with cross-functional teams to deliver innovative solutions.

CodeIgniter (Web) PHP Developer
- Specialized in developing scalable web applications using CodeIgniter and managing MySQL databases.
- Delivered secure and efficient solutions with a focus on intuitive UI/UX design.
- Collaborated effectively to meet client goals and maintain project deadlines.

EZYTake – Multiple Roles

Onsite | Jan 2024 – Present

Laravel (Web) PHP Developer
- Delivered robust e-commerce solutions with a focus on payment gateway integration and location-based services.
- Managed and optimized MySQL product databases for scalable inventory management.
- Ensured seamless system communication through RESTful APIs.

Flutter Developer
- Developed Flutter-based applications with an emphasis on user experience design.
- Integrated secure payment gateways and location-based services to enhance user convenience.
- Conducted comprehensive testing workflows, ensuring high-quality application delivery.

SSS Global Technology – Software Developer

Freelance | Jan 2021 – Present

- Designed and developed customized software solutions tailored to diverse client requirements.
- Built and deployed multiple **AI models** for recognition, detection, prediction, and analysis, leveraging Python frameworks such as TensorFlow and PyTorch.
- Developed scalable web applications using **Django** and **Flask**, focusing on backend solutions and API workflows.
- Worked with **20+ programming languages and frameworks**, contributing to both frontend and backend development.
- Delivered high-quality projects on time while maintaining superior functionality and seamless integration.

EDUCATION

BCA (BACHLOR OF COMPUTER APPLICATION)   ~ BATCH 2022-2025

- Achieved Grade: **A++**
- Supported final-year projects with innovative content creation.

DON BOSCO HIGHER SECONDARY SCHOOL   ~ (10th - 12th)

CERTIFICATIONS

- **Problem Solving (Basic)**
- **Master of Computer Software (MSA)**
- **Network Testing** (TCP/IP, OSI Models)
- **Ethical Hacking Tools** (Kali Linux)

ADDITIONAL ACHIEVEMENTS

- Developed and deployed multiple **AI/ML models** to analyze and predict data with actionable insights.
- Successfully managed high-priority projects in mobile and web development at the age of **19**, showcasing exceptional multitasking and organizational skills.
- Created innovative solutions for **e-commerce platforms**, integrating **payment gateways** and **location services** to boost user engagement.

PERSONAL DETAILS

- **Father's Name:** Mahendra Babu K.
- **Date of Birth:** [21/02/2005]
- **Gender:** Male
- **Nationality:** Indian
- **Languages Known:** [Tamil,English,Hindi]
- **Marital Status:** Single
